1. Map

Figure 1: Route from the Platz der Demokratie (with stairs) and from the Kegelbrücke (wheelchair-accessible).

2. Directions and Arrival

It is difficult to reach us by **bus**. We recommend either taking bus number 2 to the ‘Weimar, Hellerweg /EJBW’ stop and walking 700 metres, or taking buses 1, 2, 3, 4, 5, 6, 7, 8 or 9 to the “Weimar, Goetheplatz” stop and walking 1.1 kilometres.

If you wish to **avoid stairs**, head to the junction of the street Über dem Kegelstor and the Kegelbrücke (Figure 2). Then walk down the park path and continue straight on for 400 metres. At the first fork, turn left (Figure 6). At the second fork, turn right (Figure 7) until you reach the Stern (Figure 8).

If you are able to climb **stairs**, start at Platz der Demokratie (Figure 3). Walk towards the castle and turn left between the castle and the river (Figure 4). Cross the Sternbrücke and go down the stairs (Figure 5). Walk left into the park. At the first fork, turn left (Figure 6). At the second fork, turn right (Figure 7) until you reach the Stern (Figure 8).

Access by **car** is limited. You can park for a fee in a few spaces at Platz der Demokratie or in the street Am Horn. There are disabled parking spaces at both locations.

3. Accessibility of the Ground

The surface is a path of fine pebbles. In some places, the surface is not level and there are inclines.

4. Bathroom Situation

Accessible toilets will be available during the events of the festival.
